SAFETY AND CARE ADVICE

- Check you have all the components and tools listed.
- Remove all fittings from the plastic bags and separate them into their groups.
- We do not recommend the use of power drills/drivers for inserting screws, as this could damage the unit. Only use hand screwdrivers and Allen keys.
- Keep children and animals away from the work area, small parts could cause choking if swallowed.
- Make sure you have enough space to layout the parts before starting.
- Assemble the item as close to its final position (in the same room) as possible.
- Do not overtighten the nuts to avoid causing damage to the threads.
- Only clean using a damp cloth and mild detergent, do not use bleach or abrasive cleaners.
- From time to time check that there are no loose screws on this unit
- This product should not be discarded with household waste. Take to your local authority waste disposal centre

STEP 1

Use a clean, flat, soft surface to avoid any bumps or scratches.

Start by assembling the corner seat unit. Attach the 2x back rest pieces [B] to the seat [A]. Align the pre-drilled holes. You may find it easier to flip the seat and back rests over as shown in the illustration. Connect using 2 x washers [D] followed by 2x screws [C] on each side of the back rest pieces - 8 in total. Once all screws are in place, fully tighten with Allen key [F].

Screw in 4x feet [E].

Flip your corner unit over so it sits on its feet.
Check stability.

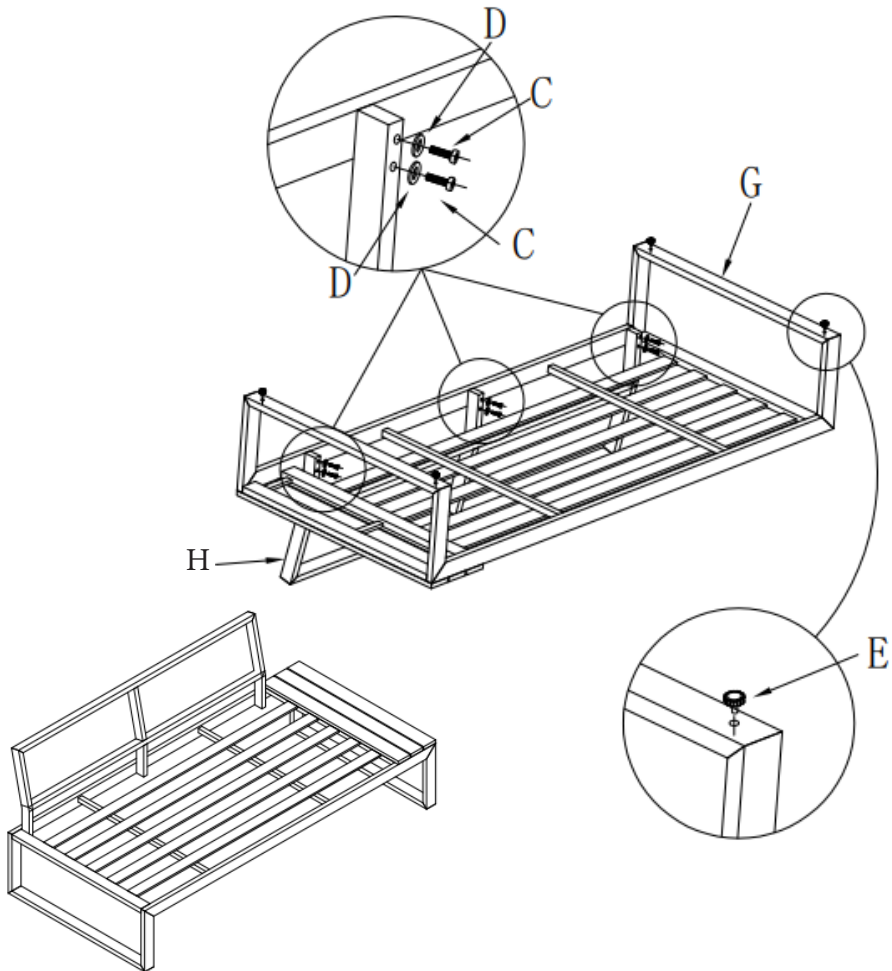

STEP 2

Assemble the bench unit.

Attach bench back rest [H] to the bench seat [G]. Align the pre-drilled holes. You may find it easier to flip the seat and back rests over as shown in the illustration. Connect using 6x washers [D] followed by 6x screws [C]. Once all screws are in place, fully tighten with Allen key [F]. Screw in 4x feet [E].

Flip your bench unit over so it sits on its feet. Check stability.

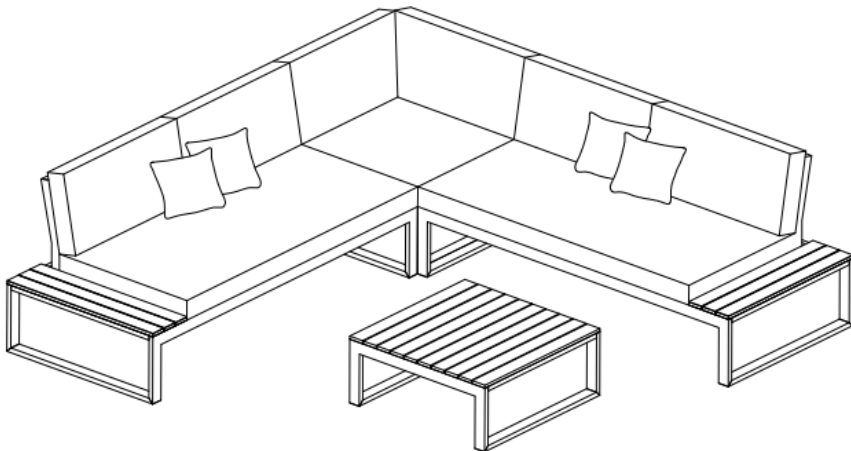

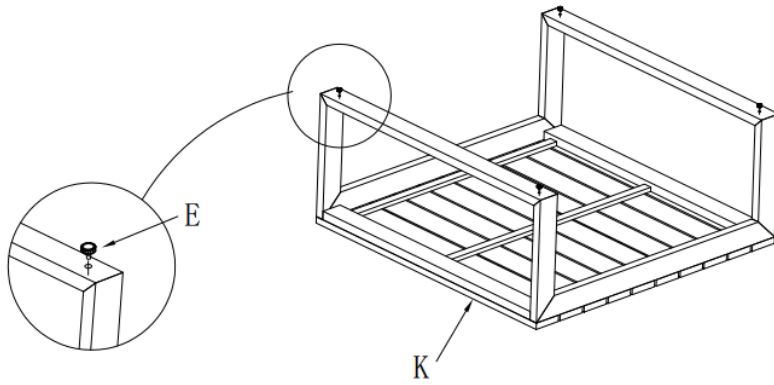

STEP 3

Add 4x feet [E] to the bottom of the coffee table legs.
Flip your coffee table onto its feet and check stability.
