- Assemble the item as close to its final position (in the same room) as possible.
- Do not overtighten the nuts to avoid causing damage to the threads.
- Only clean using a damp cloth and mild detergent, do not use bleach or abrasive cleaners.

**Do not fully tighten yet as you will need some manoeuvrability.**

## STEP 2

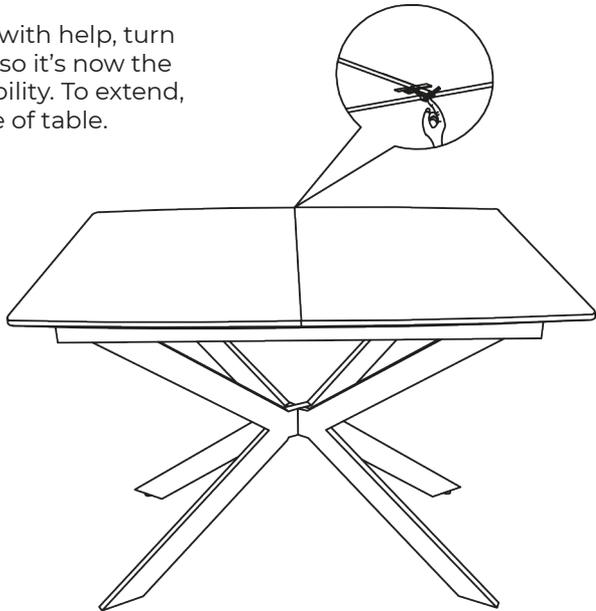

Place the table top on the floor with the extending mechanism facing up. Align table legs with holes in table top. Attach the table legs to the table top using washer [B] followed by screw [A] in each table leg hole. 2 holes per leg. Once the legs are secured, you can go ahead and tighten all the screws, including at the connecting point between the legs with Allen key [G].
